Cloze Passage

Name _____ Date _____

Based on *Reading Horizons Discovery® Little Book "The Red-Eyed Tree Frog"*

It is a myth that all frogs are green with black eyes. There is one type of frog that has a style of its own. It is the red-eyed tree frog. Do not try to find this frog in a dry place or in your back yard. This frog lives in the rain forest. It is green and has bright red eyes. This frog can stick to branches but will not fly from a tree. It is hard to pry a red-eyed tree frog off of the tree.
