## Lesson 30: Most Common Words List 8

A. After next week, school will be out for the summer. I would like to live free and have fun before I have to go back in the fall. But I just know my parents will want me to work this summer. Instead of having to give me everything I have, they would like me to put in a little effort and buy most of my own things. Our place is very nice, but we are not rich. One thing I know for sure: my parents have spent years taking care of me. I will make them proud and get a job this summer.
